

MY
GRAPHIC DESIGN
PORTFOLIO

ABOUT ME

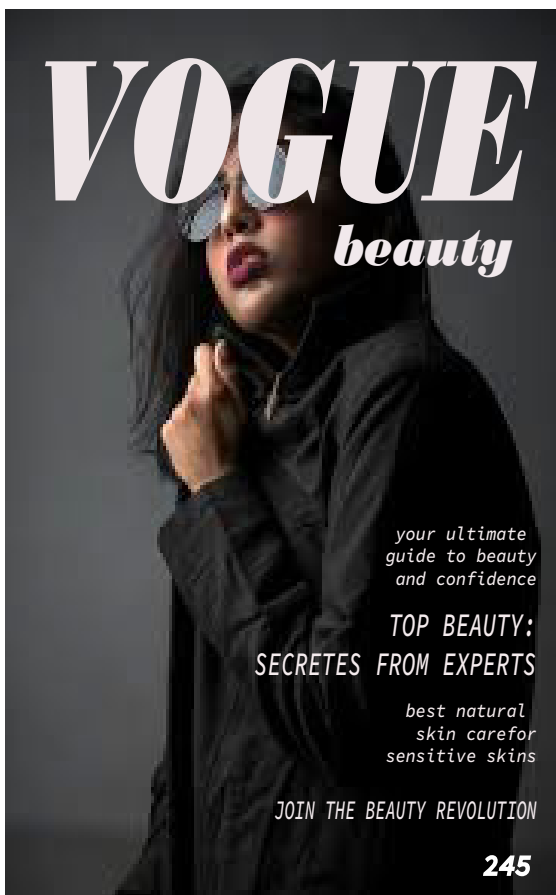

My name is Bakuweera Violah and I am currently pursuing a diploma in computer science. I come from a humble background and during my course of growing up I have learnt the value of hardwork, dedication and creativity. My passion for art and design has led me to develop a keen interest in this field and I am excited to explore the possibilities that lie ahead. I am looking forward to learning new skills and expanding my knowledge in graphic designing, as I believe it will allow me to express my creativity and contribute to the visual world around me.

PROJECTS

This portfolio reveals some my projects and I had a great time and learnt alot while working on the project.

MAGAZINES

During this time ,I have been able to come up with beautiful magazines.

Due to the dark back ground image i decided to give my texts a white color to make my magazine cover page look good

Since this magazine is about nature ,I decided to put a background image of trees and gave some words a yellow color and others a yellow background to match the sun rays within the trees.

NEWS LETTERS

EARLY BIRD

Vol.6 25th/November/2024 price : 1000@

CLEAN WATER WORTH THE PRICE

Clean water is essential for preventing water borne diseases like cholera,typhoid and dysentery.

Access to safe and clean drinking water reduces the risk of illness and supports overall public health pg1.

PUBLIC ASKED TO FIGHT FOR HUMAN RIGHTS.

The public is often urged to actively engage in advocating for their rights as a social change is typically driven by a collective action which involves participating in voting ,protests ,petitions and other forms of activism.

TOGETHER WE CAN FAIRNESS JUSTICE & EQUALITY.pg4

MARKET PRICES

Prices can fluctuate frequently due to various factors.Here are some of them.pg3

In this news letter I decided to use only two pictures and three colors to make my work organised and professional. I gave the news letter name a larger font to attract the eyes of the news reader and gave other heading a red color. This made the work look very nice and professional.

NEW TIMES

COLLECTIVE EFFORT NEEDED

TERRORISM

Combating terrorism requires a collective effort and its essential that we stay informed,vigilant and united in our pursuit of peace and security

For my second news letter I highlighted the number of pages in circle and gave all my heading a similar color. I still gave the news letter name a larger font size to catch the readers eyes.

MENUS

This is one of my best menus I have designed and it looks completely different from other menus. I designed its logo using letters of an algerian font family.

For this menu I used the gradient tool to design it and added some images in it. It also has a unique touch and it really looks nice

I decided to use shapes and the path finder to design the logo for this menu. I added a little color of yellow at the center to catch the viewers eyes. The contacts are at the bottom and an email to enable a client contact the restaurant in case any inquiries.

POSTERS

This is a poster for election. I increased the stroke for my and it looked better than when I had just used the pen tool. I decided to select an image for a woman wearing green to match the green color within my work. I decided to use a vertical type tool to make my work look more organised.

This poster is all about music and it informs passersby about what takes place within that particular place. For this poster, I used an ellipse tool and a type tool to come up with something nice like that.

FLYERS

A flyer for a night party indicating the date ,location and the fee for the party. It has dull colors which portray a clear view of a night party

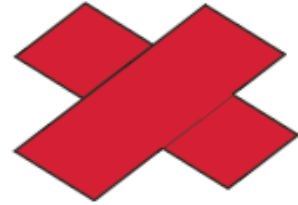

A mango juice flyer with a clear background image of mangoes. I gave my flyer a green title to match the color of leaves on the mangoes.

LOGOS

A logo that can be used by any business dealing in islamic items and goods. I used a star tool, ellipse tool and a curvature tool

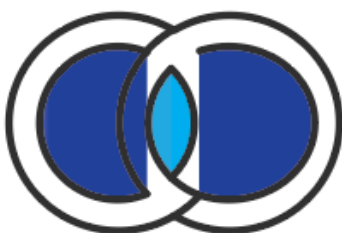

A logo used to indicate danger. This can be used on electric poles and petrol cars. I used the rectangle tool and a shape builder tool.

For this logo i used ellipse tool, rectangle tool, and a shape builder tool. It can be used by welders to Indicate the metallic work done

For this logo i used rectangle tool and three circle tools I joined the logo using the shape builder tool.

This logo can be used by any one selling rings for weddings and introductions I used an ellipse tool and a shape builder tool.
